what a **meaningful**
conversion is

conversion

(con•ver•sion) noun

Any meaningful action that moves someone closer to your goal.

The average B2B buyer interacts
with **13 pieces of content**
before taking action.

(Sellerscommerce)

60% of B2B buyers say they
could finalize a decision based
solely on digital content.

(Sellerscommerce)

What does a
conversion look like
for your business?

spot what's **stopping**
conversions

At the root of every
conversion is a **decision.**

how **we think** people are making decisions

how people **actually** make decisions

People are **8x more likely** to
pay a premium for services
when personal value is
present.

- 4 seamless functionality

performance

WHY IT MATTERS:

-\$2.6B

in annual revenue is forfeited **due to**
sluggish website loading times.
(linearity)

QUICK CHECKS:

- Run a Core Web Vitals report.
- Test your top landing pages on a mobile device.
- Compress oversized images and eliminate unnecessary scripts.

SEO

WHY IT MATTERS:

of all website traffic comes from **organic search**.
(WordStream)

QUICK CHECKS:

- Search your company name—what shows up?
- Look at your top-performing pages. Are they ranking for high-intent keywords?
- Do your headlines, metadata, and internal links support real user questions?

UX (*user experience*)

WHY IT MATTERS:

of users say they **won't return** after a poor experience.
(*Econsultancy*)

QUICK CHECKS:

- Count the number of clicks it takes to get to your key conversion point.
- Evaluate the visibility and clarity of your CTAs.
- Fill out your own forms—on desktop and mobile.

UX (*user experience*)

WHY IT MATTERS:

Businesses leave 35% of money on the table due to
a **bad user experience**.
(*Amazon Web Services*)

QUICK CHECKS:

- Count the number of clicks it takes to get to your key conversion point.
- Evaluate the visibility and clarity of your CTAs.
- Fill out your own forms—on desktop and mobile.

UX (*user experience*)

WHY IT MATTERS:

of consumers will leave a brand they trusted after
only two poor customer experiences.
(Maze)

QUICK CHECKS:

- Count the number of clicks it takes to get to your key conversion point.
- Evaluate the visibility and clarity of your CTAs.
- Fill out your own forms—on desktop and mobile.

UX (*user experience*)

WHY IT MATTERS:

Improving UX design to increase customer retention by **just 5%** can translate to a **25% rise** in profit.
(Maze / Harvard)

QUICK CHECKS:

- Count the number of clicks it takes to get to your key conversion point.
- Evaluate the visibility and clarity of your CTAs.
- Fill out your own forms—on desktop and mobile.

content

WHY IT MATTERS:

more leads generated by companies with active blogs.

QUICK CHECKS:

- Is your most-visited content more than 2 years old?
- Are you using content to address common objections or explain complex services?
- Do your case studies, blogs, or resource pages reflect your latest thinking?

analytics

WHY IT MATTERS:

Traditional metrics like **bounce rate** and **traffic volume** miss key engagement signals.

QUICK CHECKS:

- Are you using GA4—and are events properly set up?
- Can you identify your top-performing pages and what people do next?
- Are you measuring quality (like scroll depth or form completion), not just quantity?

quick win checklist

Review your homepage and key landing pages from **your own mobile device.**

Audit your **top-performing** pages.

Evaluate your **CTA strategy.**

Test your **forms.**
